Important Information Regarding Tribunals Ontario Notices

Many residents are receiving papers from Tribunals Ontario. These papers have been sent to the residents who signed the T2/T3 forms during April 2024.

The receipt of these papers does NOT require any action by an individual resident. These papers indicate that the Landlord Tenant Board (LTB) has received our T2/T3 submission and have placed it “in queue for processing.” It may be a few months before we will be notified of a hearing.

The papers provide you, the resident, with an individual PIN, the file number for our T2/T3, and information about other resources provided by Tribunals Ontario. The BWCRA Board will continue to monitor the progress of our submission and keep you informed.
